Education

PhD	ETH Zurich , Computer Science	Zurich, Switzerland
	• Thesis: Scalable Graph Neural Networks for Molecular Discovery	Sept 2012 – Mar 2017
MS	Tsinghua University , Computer Science	Beijing, China
		Sept 2010 – July 2012
BS	Peking University , Mathematics	Beijing, China
	• GPA: 3.9/4.0	Sept 2006 – July 2010

Academic Positions

ETH Zurich , Associate Professor	Zurich, Switzerland
• Lead Computational Science Lab with 12 PhD students and 4 postdocs	Sept 2022 – present
• Teaching: Advanced Machine Learning (300+ students), Graph Neural Networks (150+ students)	
ETH Zurich , Assistant Professor	Zurich, Switzerland
• Established research group, secured CHF 3M+ in competitive funding	Sept 2017 – Aug 2022
Stanford University , Postdoctoral Researcher	Stanford, CA
• Collaborated with Prof. Jure Leskovec on graph representation learning	Apr 2017 – Aug 2017

Grants

- Swiss National Science Foundation Eccellenza Grant (CHF 1.8M, 2023-2028)
- ERC Starting Grant (EUR 1.5M, 2020-2025)
- ETH Research Grant (CHF 500K, 2018-2021)

Awards

- ELLIS Fellow (2023)
- MIT Technology Review Innovators Under 35 Europe (2022)
- ETH Zurich Latsis Prize for Outstanding Young Researcher (2021)
- ICML Best Paper Award (2019)

Service

- Area Chair: NeurIPS (2022, 2023, 2024), ICML (2023, 2024), ICLR (2024)
- Associate Editor: IEEE TPAMI (2023-present)
- Program Committee: KDD, AAAI, IJCAI, WWW

Skills

Languages: Python, C++, Julia, MATLAB

ML Frameworks: PyTorch, JAX, PyG, DGL

Scientific Computing: NumPy, SciPy, RDKit, Open Babel, GROMACS
